SUPPLEMENT TO THE PROXY STATEMENT

On July 16, 2018, Vectren Corporation (the “Company”) filed a definitive proxy statement with the U.S. Securities and Exchange Commission in connection with the Agreement and Plan of Merger, dated April 21, 2018, by and among the Company, CenterPoint Energy, Inc., a Texas corporation (“Parent”) and Pacer Merger Sub, Inc., an Indiana corporation and wholly owned subsidiary of Parent, which will be first mailed to the Company’s shareholders on or about July 17, 2018 (the “Proxy Statement”). *The additional disclosures in this Current Report on Form 8-K supplement the disclosures contained in the Proxy Statement, in order to update the disclosures for certain information that was inadvertently provided as of June 13, 2018 instead of July 9, 2018, and should be read in conjunction with the Proxy Statement, which in turn should be read in its entirety. To the extent that information in this Current Report on Form 8-K differs from or updates information contained in the Proxy Statement, the information in this Current Report on Form 8-K shall supersede or supplement the information in the Proxy Statement. Capitalized terms used herein, but not otherwise defined, shall have the meanings ascribed to such terms in the Proxy Statement.*

- 1. The section of the Proxy Statement entitled “Additional Interests of Company’s Directors and Executive Officers in the Merger” that begins on 49 of the Proxy Statement is hereby supplemented as follows: replace the second full paragraph on page 51 with the following paragraph:**

Each NEO is eligible to participate in our deferred compensation plans. The active plan allows an NEO to receive restoration contributions to restore benefits with respect to our 401(k) plan that are limited by the Code. At present, an NEO may defer base salaries, annual incentives, and long-term incentives upon lapse of restrictions into the active deferred compensation plan. Each participant may elect to receive deferred compensation at a pre-selected date or, under the active plan, upon a change in control, and in any event, the participant will receive that participant’s deferred compensation on retirement (in a lump sum or, if properly elected, in annual installments over five, ten, or 15 years), on non-retirement termination (in a lump sum or, if properly elected, in installments over five years), on disability (in a lump sum), and on death (in a lump sum). Under the frozen plan, participants may choose between different payment methods (i.e. lump sum or installments) following a retirement at any time following a change in control. Finally, most distributions from the active plan payable due to the participant’s separation from service will be delayed six months, as required by Section 409A of the Code. Under the active plan each executive officer and certain nonemployee directors elected to have their deferred compensation payable in a lump sum upon a change in control. All distributions from these plans are paid in cash. The Company also maintains an unfunded supplemental executive retirement plan in which Messrs. Chapman and Christian are the only active participants. Pursuant to the merger agreement, immediately prior to, or as of, the merger, we will fund the trusts underlying these plans and an independent third party will be appointed to administer the trusts. Nonemployee directors are also eligible to participate in the nonqualified deferred compensation plans. The estimated value of the account balances of the Company’s nonemployee directors under the active plan that will be accelerated and paid upon a change in control is \$7,344,519 in the aggregate. Additionally, a nonemployee director has elected to receive the value of his or her account balance under the frozen plan in a lump sum upon a termination at any time following a change in control and the value of such account balance is \$1,448,771.

2. The section of the Proxy Statement entitled “Additional Interests of Company’s Directors and Executive Officers in the Merger—Potential Change in Control Payments to Named Executive Officers” that begins on page 51 of the Proxy Statement is hereby supplemented as follows: replace the table and related footnotes on page 52 with the following:

Name	Cash (Double Trigger) (1)	Cash (Single Trigger) (2)	Equity (3)	Perquisites / Benefits (4)	Subtotal	Non-qualified Deferred Compensation (5)	Total	CIC Reduction (6)
Carl L. Chapman	\$6,331,500	\$575,466	\$10,890,705	\$ 33,016	\$17,830,687	\$13,965,324	\$31,796,011	\$2,579,425
M. Susan Hardwick	\$1,416,301	\$145,216	\$ 2,396,956	\$ 11,156	\$ 3,969,629	\$ 1,547,995	\$ 5,517,624	\$ 768,485
Eric J. Schach	\$1,928,925	\$206,726	\$ 3,349,641	\$ 30,343	\$ 5,515,635	\$ 834,379	\$ 6,350,014	N/A
Ronald E. Christian	\$1,599,071	\$163,956	\$ 2,475,168	\$ 19,682	\$ 4,257,877	\$ 765,399	\$ 5,023,276	N/A

- (1) These double-trigger cash payments represent payments for severance under the applicable change in control agreement. Under the change in control agreements, if, during the period beginning on the change in control and continuing for two years thereafter, the NEO’s employment is terminated by us (or our successor) other than for cause, death or disability, or the NEO resigns employment for good reason, then we (or our successor) will make a termination payment to the NEO based upon a multiple of base salary plus target annual incentive, which multiple is three for Mr. Chapman and two for all other NEOs.
- (2) This single trigger cash payment represents the payment for the pro-rated bonus for the fiscal year of the merger for the efforts made for the portion of such year through the closing pursuant to the merger agreement.
- (3) This single trigger payment represents the value of all unvested stock units and performance units (at target) that will vest and convert into a right to receive \$72.00, in each case, as of the effective time pursuant to the merger agreement. As described under “The Merger Agreement—Treatment of Company Equity Awards”, pursuant to the merger agreement, the performance units will vest at the greater of target or actual results; accordingly, the value of these payments could be greater than the amount reflected in the table.
- (4) This double trigger amount represents the value of the continuation of medical, prescription, dental, and other welfare benefit plans for three years for Mr. Chapman and two years for all other NEOs pursuant to the change in control agreements.
- (5) For each NEO other than Mr. Chapman, this amount represents a single trigger payment for the total value of the NEO’s nonqualified deferred compensation plan accounts under the active plan, which represent previously earned compensation that such NEO elected to have accelerated and paid upon a change in control, which will be paid upon the effective time of the merger. For Mr. Chapman this amount represents a single trigger payment of \$11,145,878 for the total value of his nonqualified deferred compensation plan accounts under the active plan that is payable in a lump sum upon the effective time of the merger and a double trigger payment of \$2,819,446 for the total value of his nonqualified deferred compensation plan accounts under the frozen plan that is payable in a lump sum upon a termination at any time following a change in control and in each case such amounts represent previously earned compensation of Mr. Chapman. The NEOs other than Mr. Chapman also have accounts under the frozen nonqualified deferred compensation plan which will not be accelerated due to the merger (either on a single or double trigger basis) and are not included in these amounts.
- (6) As described under “Additional Interests of the Company’s Directors and Executive Officers in the Merger —Change in Control Agreements”, pursuant to the change in control agreements, the total payment following a change in control will be reduced to a level below the Section 280G safe harbor amount if the NEO would receive a higher after-tax benefit than if the executive were to pay the applicable excise tax on the full payment amount. Under the assumptions above, Mr. Chapman and Ms. Hardwick exceed the 280G safe harbor amount and as a result their payments would be reduced below the safe harbor amount. The payments to Mr. Schach also exceed the Section 280G safe harbor amount, but Mr. Schach has a higher after-tax benefit by receiving the full payments and paying the applicable excise tax than reducing his payments. Under the above assumptions, it is estimated that Mr. Schach will owe an excise tax of \$845,989 and the Company will be denied a tax deduction with respect to such excess parachute payments in an amount equal to \$4,229,945. The payments to Mr. Christian do not exceed his Section 280G safe harbor amount; accordingly, the payments are not subject to the modified Section 280G cutback provision.
